FINANCIAL REPORT.

Present Condition of the United States Treasury,

PUBLIC DEBT STATEMENT.

An Estimate of the July Reduction in the Public Debt Places the Amount at About Four Million Dollars—Money Being Shipped West to Meet the Movement of Crops—Other Washington News.

WASHINGTON, Aug. 1.—The treasury surplus yesterday aggregates \$7,018,504, of which amount \$20,578,113 is in depositary banks, \$19,311,755 is subsidiary coin, and \$360,277 is in minor coin and fractional currency.

The reduction in the public debt during July, treasury officials estimate, will be about \$4,500,000. Custom receipts during the month will aggregate about \$15,500,000, internal revenue receipts about \$14,500,000, and miscellaneous receipts about \$4,000,000. This, with \$5,500,000 of repayments, will swell the receipts of the month to \$40,000,000, against which there will be \$35,500,000 of expenditures, including \$13,600,000 for pensions. This data points to an increase in treasury cash of about \$4,500,000 since July 1, or the equivalent of a reduction of the debt to that amount.

Since July 21, when the first shipment was made, the treasury department has shipped about two and a half millions in small notes, fives, tens and twenties, to Chicago and Cincinnati. This is the beginning of the shipment west of money to meet the usual demand to move crops in the autumn.

Cleveland Did Not Start the Boom.

WASHINGTON, Aug. 1.—John E. Beall, a real estate expert, testified yesterday before the Rock Creek park commissioners that ex-President Cleveland bought his "Red Top" property for \$26,000, and sold it for \$140,000, realizing \$114,000 profit. Mr. Cleveland, he said, had not started the boom in that section of suburban property, it having begun some time previous when the site for the naval observatory was selected there.

Movements of Cabinet Officers.

WASHINGTON, Aug. 1.—Secretary Tracy left Washington yesterday afternoon for Bar Harbor where he will spend some time.

Secretary Proctor returned to Washington yesterday afternoon from Cape May. He said it seemed to him that the stories printed about Secretary Noble's resignation were but a renewal of the rumor that have been circulating about the secretary for several months.

Not Heard from St. Petersburg.

WASHINGTON, Aug. 1.—Acting Secretary of State Wharton asserted positively yesterday that the department had no information respecting the alleged suspension of the edict against the Jews by the Russian government. Nothing has been heard from Consul General Crawford at St. Petersburg for some time past. This is regarded by the department as convincing proof that no such action has been taken.

Chili Offers a Prize.

WASHINGTON, Aug. 1.—The Latin American department of the world's fair has received information that the government of Chili has offered a prize of \$500 for the best plan for an exhibit of the resources, industries and products of that country at the exposition to be held in Chicago in 1893. It is expected that there will be a very lively competition for the reward.

Hurrying Up the Banks.

WASHINGTON, Aug. 1.—Comptroller of the Currency Lacy has prepared, and will send out, a circular to all national banks suggesting prompt action on their part of those banks that have circulation secured by four-and-a-half per cent. bonds, either to secure the continuance of the bonds or deposit other bonds in their place.

Consul's Secretary Dead.

WASHINGTON, Aug. 1.—A cablegram has been received at the state department announcing the death of Edmund W. P. Smith, secretary to the United States consul general at Bogota, Colombia. Mr. Smith died of Bright's disease at Carthagena, Colombia.

ALLEGED DEFAULTER.

An Employee of the Chesapeake and Ohio Railroad Skips with \$50,000.

LOUISVILLE, Aug. 1.—Sylvester Young, cashier at this point for the southwestern division of the Chesapeake and Ohio railway, is missing, and is alleged to be a defaulter. Young was yesterday engaged in assisting in preparing the payroll for its monthly trip over the road. Shortly after 3 o'clock in the afternoon he disappeared.

At 5 o'clock the railway officials notified police headquarters that Young had absconded with a sum estimated at \$50,000. The police have been unable to trace him. Young has been regarded as a man of exemplary habits and has been prominent in Sunday school and church affairs.

Allerton Beats His Record.

INDEPENDENCE, Ia., Aug. 1.—Allerton was yesterday sent to beat his record of 2:13 and succeeded in his effort, although the first half against the wind took 1:08 1-4. The game colt increased his speed in the last half and passed under the wire in 2:12 1-2.

Skipped for Canada.

BUFFALO, Aug. 1.—John Eckhart, a young real estate dealer, has disappeared, leaving his accounts in a badly unsettled shape. He is thought to be in Canada. Speculation in real estate caused his embarrassment. His debts aggregate about \$10,000.

CAPTAIN ANDREWS HEARD FROM.

Out Thirty Days and Over Two Thousand Miles from England.

BALTIMORE, Aug. 1.—Captain Andrews and his little boat have been heard from. On July 24 the captain was alive and sanguine that he would yet reach England in safety, although he had been out from Boston thirty days and was still over 2,000 miles from his destination.

Captain Thomas Morgan, of the steamship Sobraon, arrived from Liverpool last night and reports that on July 24 he sighted a small boat ahead. Supposing it was a boat's crew from a shipwreck, he bore down upon it. To his astonishment there was but one man in the boat, and he seemed perfectly at ease. The man said that he was Captain Andrews; that his boat was the Mermaid, and that he had started to race across the ocean from Boston to Lands End, England, with a boat the same size called the Sea Serpent. He had been out thirty days.

As the Sobraon was in north latitude 42 deg., 50 min., west longitude 56 deg., 12 min., Captain Andrews and the Mermaid were about 2,146 miles from their destination. By request Captain Morgan received the log book of the lonely mariner up to the date of meeting, to be forwarded to The Boston Herald. Captain Morgan says the courageous mariner was well and in good spirits; was short of nothing, but regretted having been out so long. The log book contained but little of interest.

THE PRESIDENT'S PROGRAM.

Where He Will Be the Last Two Weeks in August.

CAPE MAY, Aug. 1.—J. Sloat Fassett visited the president yesterday. He has accepted the collectorship of the New York custom house. Mr. Fassett returned in the evening.

The president received and acted upon a number of pardon cases of small importance yesterday.

The following is the president's itinerary: Leave Cape May Aug. 18 at 9 a. m.; reach Jersey City at 1:30 or 2 p. m.; Jersey City via West Shore to Bennington via Albany at 8 or 9 p. m.; Bennington, Wednesday, 19th; leave Bennington Thursday morning for Mount McGregor; Mount McGregor, Thursday and Friday, 20th and 21st; reach Saratoga Friday evening for dinner at about 7 p. m.; remain at Saratoga until Tuesday, Aug. 25; leave Saratoga for Vermont on Tuesday via Burlington to St. Albans, Wednesday 26; leave St. Albans via Montpelier to St. Johnsbury, Thursday; leave St. Johnsbury 27th via White River and Bellows Falls to Proctor, where he will visit the secretary of war; leave Saturday, Aug. 29, for home via Hudson River road, reaching Cape May in the evening.

BACK TO BIRMINGHAM.

A Supposed Drowned Man Discovered and Arrested in Portland, Oregon.

BIRMINGHAM, Ala., Aug. 1.—Requisition papers were granted yesterday by Governor Jones for D. B. Whilden, who has been arrested at Portland, Or., at the request of the New York Mutual Life Insurance company. Whilden, who had \$40,000 insurance on his life, disappeared in March, 1890, and was supposed to have been drowned in the Tennessee river. The insurance companies resisted the claim and put detectives at work on the case.

Whilden was heard of at Tacoma on July 17, and detectives were sent there, and on July 24 he was arrested at Portland. Five insurance companies are interested, and suits against four of them for \$30,000 of the \$40,000 brought by Whilden's wife are now pending in the Birmingham courts. Unless he is released before the requisition papers arrive Whilden will be brought back to Birmingham.

Shot Her Betrayer.

SELWOOD, Fla., Aug. 1.—A. C. Jones, a section foreman on the Florida Central and Peninsular railroad, was shot and killed last night by Miss Myra Francher, who is only sixteen years of age. For about a year Jones had paid attention to Miss Francher and it was generally understood that they were engaged to be married. Two months ago Jones discarded her and married another. Last night Miss Francher laid in wait for him on the street and when he approached she blew out his brains with a bullet from a revolver. She was arrested, but public sympathy is entirely on her side. Jones had been criminally intimate with her under promise of marriage.

Want the Eastern Scale.

POTTSVILLE, Pa., Aug. 1.—William Weihe, president of the Amalgamated Association of Iron and Steel Workers, arrived here yesterday and attended a meeting of the Pottsville branch of that association. He said that the Pottsville strike had been recognized by the general convention and that the men intended to hold out for the eastern scale. He later on called on Mr. Milliken, of the Pottsville Iron and Steel company, and talked over the situation, but no conclusion was reached.

Steel-Workers' Strike Over.

HARRISBURG, Aug. 1.—Many applications for work were made at the Pennsylvania steel works yesterday, most of the strikers believing that the strike was over. The names of the applicants were taken, but no work will be given until it is seen if there is anything against them. The company will not make steel rails at Steelton, hereafter, but will transfer that industry to Sparrows' Point, Md.

Tired of Being Bulldozed.

HAVERHILL, Mass., Aug. 1.—The extensive shoe manufacturer James H. Winchell has announced his intention to shut down his factory, where 600 hands are employed, the lasters having given notice that they will demand more pay after Sept. 1. Mr. Winchell says he is tired of being bulldozed by labor unions.

TRADE BAROMETER.

Condition of Business During the Past Week.

R. G. DUN & COMPANY'S REPORT.

Too Much Cotton in the South Causes a Depressed Market—Uncertainty of the Corn Crop Causes a Stagnation of Business in the West—Reports from Other Sections of the Country.

NEW YORK, Aug. 1.—R. G. Dun & Company's weekly review of trade says business continues dragging and dull. Trade at the south is peculiarly depressed because there is too much cotton. With several hundred thousand bales of last year's crop left over in the world's markets, and with competent judges predicting another crop even larger than that of 1890, it is no wonder that prices are low and producers scarcely get enough to pay for raising and picking. Hence country merchants do not buy freely, and the prospects of a great yield, which at other times might be helpful, tends to produce stagnation.

Again, in parts of the west where crops failed last year, trade has not yet recovered from the great depression resulting, and as long as the corn crop is in doubt, complete recovery is not to be expected. In several states legislative hostility to capital causes much disturbance. Further, the collapse of real estate speculation in many parts of the west and south has brought severe losses and embarrassment to many.

At the east, monetary uncertainties have a powerful influence. European difficulties did not pass as quickly or fully as was expected, and now a serious financial trouble is apprehended in Russia because of failure of crops, which will only help this country in the end. There is growing doubt whether the movement of crops here will not cause a temporary drain greater than eastern money markets can meet, but if the grain can be sold, the gold will come. Though no gold has been exported, the outgo of currency in the west and south is felt here and at Boston.

Money is close at Buffalo and Cleveland, in active demand at Chicago, Cincinnati and Detroit, firmer at 7 to 8 per cent. at St. Louis, in good supply for legitimate business at Milwaukee, close at Omaha, Nashville and Atlanta, tight at Jacksonville, but easier at Savannah, and in fair supply at New Orleans.

Business at Boston has improved, and wool is quite active, sales reaching 3,521,000 pounds. More activity appears in woolen goods and a better demand for boots and shoes, while leather is quite steady. Hides are dull, and domestic lower at the west. Philadelphia notes more frequent orders for wool and woolsens.

At Hartford and Buffalo trade is quiet, but the demand for lumber improved; at Pittsburg business is unchanged and rather slow; at Cleveland fairly good for the season, and at Cincinnati somewhat more active. Chicago reports receipts of wheat seven times last year's, of rye, cured meats, lard and wool double last year's, of dressed beef a third larger, with some increase in cheese and butter. Dry goods sales are slightly larger, and good orders are seen for clothing and shoes. At Omaha trade is fair and at Milwaukee satisfactory, and increasing activity is noted at St. Paul.

Throughout the northwest the prospect of crops is exceedingly good, but at Kansas City wet weather interferes with harvesting. The distribution of goods is on a larger scale at St. Louis, and at southern points business is dull or only fair. The great industries show no important change for the week, though it must be said that disheartenment in the woolen goods trade seems to increase, and it is admitted that sales are not equal to last year's, though the trade was dragging then. Much of the trouble is attributed to excessive credits in the clothing trade. In boots and shoes there is continued improvement. The coal trade is still depressed by excessive production, the output exceeding last year's to date by 2,700,000 tons.

Copper is still depressed by the apathy of home consumption, and there is very little trade in lead, while speculation has lifted and again depressed the price of tin. Philadelphia describes the iron market as frightfully dull, and sales to realize are made at prices considerably below quotations. Structural mills are well supplied for the present, and bar iron is steady, though the poverty of railroads makes the demand scanty, but plates are irregular, buyers refrain from taking rails, and the lower grades of pig iron are offered here below quotations.

The market for breadstuffs has been strengthened by reports of injury to the crop in Russia, and wheat has risen one and one-half cents and corn one-half cent, while no change appears in cotton. The price of oil has fallen 8 per cent. for the week, but pork products are a shade stronger.

The business failures during the last seven days number for the United States 229, and for Canada 18, or a total of 247, as compared with a total of 254 last week, and 274 the week previous to the last. For the corresponding week of last year the figures were 189, representing 167 failures in the United States and 22 in the Dominion of Canada.

Run Down by a Train.

PITTSBURG, Aug. 1.—Early yesterday morning a construction train on the Pittsburg, Virginia and Charleston railroad backed in on a sidetrack at the junction of that railroad with the Pennsylvania railroad. A gang of Hungarian trackmen were working on the sidetrack and did not see the construction train until too late to escape. Marcus Mannion was instantly killed. Two other Hungarians, names unknown, were fatally injured. The injured men were brought to the West Pennsylvania hospital. The attending physicians say that they cannot recover.

TWO EXECUTIONS.

Each Expressed a Belief That He was Going to Heaven.

HOUSTON, Aug. 1.—William Caldwell was executed at 11:30 Friday morning in the county jail. He died without making a statement, but expressed the belief that he was going to heaven. He walked upon the scaffold without assistance, and in eight minutes after the trap fell he was pronounced dead. His neck was broken.

Caldwell's Crime.

Caldwell's death probably sealed the lips of a man who could, had he wished, have told more about the origin of the fearful strife which raged between the Jaybird and Woodpecker factions in Fort Bend county than any other person. He was a negro, far above the usual standard of his race in point of intelligence.

The warfare which existed for a couple of years between these two political factions exterminated whole families and scores of men were murdered during its rain. But Caldwell is the only man who met a judicial death on account of it. He killed Dr. J. M. Shamblen on the night of July 31, 1888.

This was the first murder committed by either side of the vendetta. Dr. Shamblen was a prominent Jaybird, or Democrat. He was regarded as the leader of the opposition to those who were controlling the political destinies of Fort Bend county at that time. Caldwell was a Woodpecker, or Republican.

On the night of the assassination Dr. Shamblen was sitting at a table in his home, a few miles out from Richmond, with his wife and family surrounding him. He was holding family prayer. Suddenly there was a report of a gun, and a load of buckshot crashed through a window close to which he was sitting. The doctor dropped from the chair and expired.

No one saw Caldwell when he shot Dr. Shamblen. The evidence upon which he was arrested, convicted and executed was purely circumstantial. Even among the Jaybird faction of Fort Bend county it was not thought that Caldwell killed Dr. Shamblen without instigation from others.

During his long confinement Caldwell gave nothing away from which the slightest clew could be gained. He maintained his innocence from the first to the last, and said that had he been tried by an impartial jury he would have been acquitted.

Another in Montana.

HELENA, Aug. 1.—Isiah White was executed in the jail yard here at 12:30 p. m., Friday. The condemned man made a short speech on the gallows, in which he said he believed he would shortly be in heaven. White's neck was broken by the drop, and he was pronounced dead in ten minutes.

White's Crime.

The crime for which White was executed was the murder of Prince Malloy, a negro in good circumstances. Malloy was murdered for the money he was known to keep in his house. The murder occurred on the night of Jan. 2, this year.

ATTACKED WITH A PITCHFORK.

One Farmer Dying from Injuries Received from Two Others.

EVANSVILLE, Ind., Aug. 1.—Henry B. Ritter, a farmer of Knight township, is dying from the effects of injuries received Thursday at the hands of two brothers named Stapp. There is an old feud between the Stapps and Ritter which grew out of trouble over the location of the dividing line between their farms.

Thursday afternoon the brothers went to Ritter's house and asked him to help them thresh their wheat. He refused, whereupon the two attacked him with pitchforks. His head, arms and back were punctured full of holes and once he was lifted in the air upon the forks, the times penetrating his body to the depth of six inches. His cries for help brought assistance and the stabs were arrested.

FIGHTS ARRANGED.

The New Orleans Olympic Club Has Made Two Matches.

NEW ORLEANS, Aug. 1.—The directors of the Olympic club announced last night that a match has been made for a featherweight fight between Johnny Griffin, of Boston, and Van Heest. The men will fight at 125 pounds for a purse of \$2,500, the match to be fought in September.

Jimmy Carroll and Billy Myer have also been matched for a fight to take place in the middle of November, for a purse of \$5,000, the men agreeing not to weigh over 140 pounds. Myer has already signed the articles and Carroll has written the club that he will be in the city in a few days and will then sign.

Clubbed Into Insensibility.

NEW YORK, Aug. 1.—A family quarrel took place in the saloon of James Liddy, the well known lightweight pugilist, at Elizabeth, N. J., which, it is feared, will result in the death of William McAdams, Liddy's brother-in-law. McAdams remonstrated with Liddy for ill-treating his (Liddy's) wife. A terrific fight followed between McAdams, Jimmy Liddy, John Liddy and James Finlan. All were armed with clubs and bottles, and fought like fiends. McAdams was pounced upon by his three antagonists and clubbed into insensibility. Physicians say he is suffering with concussion of the brain. Jimmy Liddy and Finlan surrendered to the police.

Children Killed by Lightning.

CHAMBERSBURG, Pa., Aug. 1.—Last night during a thunder storm at Dry Run, this county, four children—Harvey, Denny and Annie Skinner, and a colored boy—took refuge in a barn belonging to the father of the Skinner children. The barn was struck by lightning, killing Harvey and Annie Skinner and stunning the other two children. The building caught fire.

SATURDAY, AUGUST 1, 1891.

DEMOCRATIC STATE TICKET.

For Governor,

JOHN YOUNG BROWN.

For Lieutenant Governor,
M. C. ALFORD.

For Attorney General,
W. J. HENDRICK.

For Auditor,
L. C. NORMAN.

For Treasurer,
H. S. HALE.

For Register of Land Office,
G. B. SWANGO.

For Superintendent Public Instruction,
E. PORTER THOMPSON.

For Clerk of Court of Appeals,
ABRAM ADDAMS.

For Representative,
DR. JOHN M. FRAZEE.

It is important that a full vote be polled next Monday by the Democrats of Mason County.

With two Republican tickets in Cincinnati, the Democratic prospects for winning in the 'Queen City' are much brighter.

With a full Democratic vote polled next Monday, the majority in old Mason ought to be not less than 600. Let there be no stay-at-homes.

DR. FRAZEE has no opposition in his race for Representative, but that is no reason why any Democrat should fail to vote for him. Let his vote be a big one.

THE Farmer's Alliance hold a meeting in this city this afternoon, and it was reported this morning that, if Mr. Howard Farrow declines to make the race for Representative, they will nominate another candidate—probably Mr. Wm. Luttrell. It is important for the Democrats to get out their full vote next Monday for Dr. Frazee.

L. J. CRAWFORD, Republican nominee for Attorney General, writes to his friends at Newport: "Democratic victory is not assured by any means. It depends greatly upon the Farmers' Alliance."

In other words the Republicans have no hope of winning unless Democratic farmers are led astray and vote for the Third party. Democrats, vote the straight Democratic ticket next Monday.

COLONEL CASTLEMAN had better watch his corners if he wishes to remain at the head of the State Democratic Central Committee. He is taking advantage of his position to do some underhand work against the new Constitution. His tickets are not needed here in Mason County. The Chairman of the County Executive Committee attended to the printing and distribution of the tickets as has been the custom for years.

S. B. ERWIN, the People's party candidate for Governor of Kentucky, is a sweet-scented geranium. He left the Presidency of the Farmers' Alliance in a cloud caused by his crooked connection with the tobacco warehouse business, and the court records show that he induced Mrs. Victoria Sanders, whose husband had been separated from her for seven years, to marry him by making her believe that a lawyer said that it gave her a divorce without the formality of a decree. Succeeding in his vile purpose he soon grew tired of his bargain, and then frightened the poor woman off to Tennessee by telling her she was liable to prosecution for bigamy. The People's party will never amount to much with such creatures at its head.

The above is from the Stanford Interior Journal. It shows the character of the man who heads the People's party ticket. No Democratic farmer will be found supporting that ticket or any of the People's party nominees.

THE Owen News is pretty severe on Erwin, the People's party nominee for Governor, but it shows him up in his real character. It says: "No farmer wants to endorse a man who worked against their interests by turning the warehouse established by the tobacco growers over to the big syndicate of Louisville Tobacco Warehouses. The State Alliance kicked him out for his actions in the matter, but by some means he was nominated by a few disgruntled politicians as a candidate for Governor. Farmers, do not endorse a man who violated a trust so sacred as that held by Mr. Erwin, because if he would sell you out as the highest officer of your organization, he would violate the trust as the highest official of the State. If you vote for him, you endorse his action in selling out the Growers' Tobacco Warehouse in Louisville to organized capitalists."

We are very much mistaken in the farmers of this section if any of them vote for such a man as Erwin or for a party that will put up such a man as he is for the highest office in the State.

GOOD REASONS.

Many of them Showing Why the New Constitution Should be Adopted.

Delegate George Washington Enumerates Them in Pointed Words.

Hon. George Washington, of Newport, is acknowledged one of the ablest men who served in the convention that framed the new Constitution.

Much has been spoken and much more written on the proposed new organic law, and its fate will be settled at the polls next Monday.

In the Kentucky Post yesterday Mr. Washington sets out in strong language many reasons why the new Constitution should be adopted. He says:

It may not be amiss, even at this late hour, when argument is well nigh closed, to point out some of the many good things to be found in the new Constitution, and which is so high above the old one that any comparison between them must, of necessity, be little less than ludicrous.

First and foremost of these, and towering above the present system of voting, even as virtue does above vice, is the secret ballot. Every patriotic mind, not enslaved by narrow and selfish considerations, will hail this great reform with unmingled satisfaction. The present system is not only dishonoring to the State, but is a fraud of the purest ray serene. Instead of putting the brakes upon corrupt practices, it extends a hearty welcome to them all. It is a memorable distinction of Kentucky that she alone of all English speaking people retains this abominable farce.

Secondly, the new Constitution sounds the death-knell of local and special legislation, with its long and expensive train of evils. This species of legislation is everywhere denounced as a nuisance to be abated as speedily as possible. A few weeks ago, at a dinner of the commercial club, in Providence, R. I., the topic of the evening was special legislation. Ex-President Cleveland was the principal speaker. That sturdy and uncompromising patriot denounced it as a great evil. After enumerating some of its bad results, he said: "Thus is inaugurated a system called log-rolling, which comes frantically near actual legislative corruption; and thus the people at large lose not only the attention to their affairs which is due them, but are often no better off than when robbed of the money in the public treasury."

It is the sudden death of this evil, and of the viva voce system of voting, which has driven so many small-fry politicians into a state bordering upon frenzy.

Third, it puts a limit, not only upon municipal taxation, but upon municipal indebtedness.

With these wholesome provisions in the organic law, the tax-payer may sleep without fear that his property will be confiscated. Nor can cities make presents to corporations of valuable franchises worth thousands of dollars. Hereafter they will be sold to the highest bidder, and the money will pass into the public treasury.

Fourth, it equalizes taxation among all classes. Corporations must walk up to the captain's office and settle just like plain, every-day mortals, made of clay. And in addition to this, which to plain people appears fair enough, a large amount of corporate property, now exempt, will be required to pay up, "like a little man." This is not very hard on the masses.

5. By limiting Legislative sessions to sixty days, and to matters of a general nature; and by requiring the public printing to be let out by contract to the lowest responsible bidder, there will be saved to the people, in money alone, not less than \$75,000 per session; and, in addition thereto, a higher standard of ability, and public virtue will be secured.

6. It insures justice and fair dealing at the hands of corporations, not only in their dealings with each other, but with the people.

7. It guards the people against dishonest bank officials by prohibiting, under severe penalties, the reception of a deposit when the bank is in an insolvent condition.

8. It adds \$600,000 to the common school fund.

9. It forbids the working of convicts outside the walls of the penitentiary.

10. It deals a death-blow to the lottery fiend.

11. It provides a means of quieting the titles to lands in the wealthiest regions of the State, and thus insures their early development, to the great advantage of the State at large.

12. It establishes a "House of Reform" for youthful offenders, where they will not be required to associate with hardened villains, and where they will be subjected to a discipline and training which will enable them to go forth, at the end

of their terms, well equipped for the battle of life, and without the stigma of the "pen" upon them.

13. It carefully guards and protects the rights of the individual at all points.

14. It provides a system of courts which is well designed to secure greater efficiency and speed in the administration. Finally, it provides a most efficient means by which it may be amended and made to conform to the wishes of the people. There is no better "open clause" in any American Constitution. There are perhaps three which are more open, but according to the highest authorities upon the subject, they are entirely too open for safety. Ours is far more open than the majority of the State Constitutions. Under it two entire subject or articles may be amended at a single session of the Legislature, to be followed, of course, by a vote of the people. So that in a very few years the entire Constitution may be amended.

DEMOCRATS ought to see through the game the Republicans are trying to play. It is believed the Third party move in this State got its greatest encouragement from the leaders of the G. O. P. It is a fact that when the whiskered Senator from Kansas visited Maysville recently he was closeted with some of the Republican leaders part of the time while here. Another thing. Judge Thomas came down from Vanceburg and escorted Mr. Peffer and Mr. Davis to that place in the afternoon. A Republican commenting on these two significant incidents said his party must be paying the Alliance leaders' expenses to canvass Kentucky. There is no doubt that the Republicans are counting on the Alliance vote to help them out in the present fight.

It is a great scheme to split the Democratic party in this State, and no Democrat will lend himself to any such move. Vote the straight ticket. Vote next Monday for the party of the people—the Democratic party.

For the Farmer.

Few, if any, of our cultivated plants have become the subjects of more experimental trials than potatoes, and the results are often varying as they are reported from different sections and under different methods of cultivation. At the Utah Station, as reported by Director Sanborn, it was found: (1) That the depth of planting did not materially affect the total yield of potatoes. (2) That potatoes planted near the surface contained 23 per cent. more starch than those planted deeper, and were therefore worth 33.4 per cent. more for food, being at the same time more palatable. (3) Shallow tillage, and even no tillage, was more effective than deep tillage. (4) The yield of potatoes decreased, after passing eight inches apart, as the distance between the hills increased; the yield decreased when planted nearer than eight inches. (5) Increasing the distance between the rows did not appear to decrease the yield. (6) Close planting resulted in an increase of moisture and in a decrease of starch amounting to 7 per cent.

The Georgetown News-Democrat says: "The tobacco crop of Brown County is not what it should be and its appearance is beginning to excite some uneasiness among those who depend upon it."

A Native of Mason Passes Away.

"The silver chord is loosed, the golden bowl is broken." At her home near Sardinia, on Wednesday, July 8, 1891, Ruth Waters, widow of Wm. H. Waters, after a brief illness of only four days, passed from among the living—aged sixty-eight years, nine months and sixteen days.

Deceased was born in Mason County, Ky., on the 25th day of September, 1822. She was the daughter of William and Rebecca Marshall, and a relative of Col. Humphrey Marshall, of Kentucky. Of seven sisters, three survive her—Mrs. James Hill, Mrs. S. J. Rice and Mrs. N. S. Dunn, which three sisters live at or near Sardinia. Of her six brothers, four are yet living—William, Levi, Leroy and Thomas, whose homes are in the West.

At the age of seventeen she was married to Wm. H. Waters, whose death preceded here more than sixteen years. Of this union there were born eight sons and one daughter. The daughter died in infancy, Thomas L. at the age of eight and the late C. W. Waters at the age of forty-five, leaving six sons to survive her—William W., George W., Richard L., Alexander M., Alfonso F. and John Q.—Georgetown (O.) News-Democrat.

A Traveling Man's Experience.

F. S. Verbeck, who represents the type foundry of Messrs. Barnhardt Bros. & Spindler, Chicago, says: "On my return home from a trip I found our little girl sick with summer complaint. I went to a drug store and procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. We gave her a few doses according to directions. She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.

Best Excursion of the Season.

The annual cheap excursion of the Big Four route to Niagara Falls will leave Central Union Station, Cincinnati, at 1:30 p. m. Tuesday, August 11th, and run via the famous Lake Shore and New York Central railways along the cool shores of Lake Erie. Only \$5 for the round trip, only \$1 more to Toronto, only \$5 more to Thousand Islands. Excursion train will consist of palace sleeping cars, reclining chair cars and elegant coaches and will run through solid to Niagara Falls without change. Every passenger guaranteed a seat or berth. Special train returning leaves Niagara Falls 8:30 p. m. Thursday, August 13th, but tickets good five days returning, making a trip down the beautiful St. Lawrence and through the Thousand Islands within the reach of all. Remember if you go via the Big Four route you have the choice of four daily trains returning, which is better service than any other line offers, making the trip without change of cars in either direction.

Wait for the big one, Tuesday, August 11th, and see that your tickets read via C. and O. and Big Four route. For full information write to any agent of the C. and O. railway.

THE Michigan Central is building a green-house at Niles, Mich., on an extensive scale, in which to grow flowers for their palace and dining cars, and, in time, to furnish plants for lawns and flower-beds at the stations on the line.

THE C., H. and D.'s excursion to Niagara Falls Thursday was a big one. There were seven sections of ten cars each out of Cincinnati, a similar section from Hamilton and one from Dayton, with an extra one to gather up the people at way points. It expected to go into Niagara Falls with 100 cars and 5,000 people. Every precaution was taken regarding safety. The trains were run twenty minutes apart, in addition to the regular block, and one of the best freight conductors on the road was placed on each train to act as flagman.

A SUDDEN DEATH.

Mr. John Bauer Stricken Down and Expires in a Few Minutes.

Mr. John Bauer died very suddenly at 5 o'clock this morning at his home on West Third street.

He was a man of strong build, robust in appearance, and the news of his death was a shock to his friends.

Of late he had complained of a pain about his heart. He was going about as usual yesterday, but he was suffering so much from the pain that he went to his physician and got some medicine.

This morning he arose shortly before 5 o'clock and went out in the yard back of his house. He returned in a few minutes and as he entered the kitchen he was stricken down. His wife heard the noise of his fall, and hurrying in found him on the floor. He was unconscious and breathed his last shortly afterwards.

Deceased was born in Germany, and was about fifty-nine years of age. He had been a resident of Maysville for a long time. He was a harness-maker by trade. His wife survives him, and he leaves four children—two sons and two daughters. His youngest son, Mr. John Bauer, is at Gadsden, Ala., and the funeral will not take place until he arrives.

Here and There.

Robert Cobb has returned from a visit to relatives at Bellevue.

Mr. and Mrs. W. R. Bullock, of Covington, are visiting in this county.

Mr. Charles Zweigart left Thursday on the big excursion to Niagara Falls.

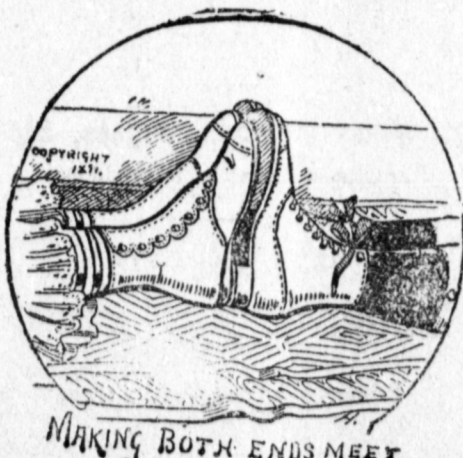

Miss Emma Geisel is at home after a visit to relatives at New Harmony, O.

Mr. Charles Trapp has returned from Charleston, W. Va. He and his mother leave to-night for Pittsburg and Niagara Falls.

FRANCO-RUSSIAN ALLIANCE.

A Commercial Treaty Agreed Upon Between the Two Countries Which May Prove a Detriment to the United States. Other Cable Dispatches.

LONDON, Aug. 1.—It is understood that the terms of a commercial alliance have been practically agreed upon between France and Russia, whereby each country will give preference to the products of the other. As Russia, in years of favorable harvests, is largely a food exporting country, this arrangement will militate against the United States rather than England, although British manufacturers receive a severe blow from the new French tariff, as it is.

In return for French concessions, Russia will, it is said, give a preference to French manufactures, while maintaining a stringent tariff for imports from other countries. The advantage thus given to France enhances enormously the value of Russian alliance, irrespective of any motive of hostility toward Germany.

The St. Petersburg correspondent of The Times claims to have learned on high authority that Admiral Gervaise brought with him to Russia the draft of a treaty of alliance, arrived at during the consultations between the Russian minister in Paris, Mohrenheim, and the French cabinet. The draft thus prepared was to be submitted to consideration and elaboration at the Russian foreign office, and when the negotiations were concluded, the document was to be signed by the Russian ministers and the matters left in embryo until it should be opportune for the czar to sign the treaty. Admiral Gervaise spent the morning in close consultation with Giers, minister of foreign affairs, and Vannovski, minister of war and the chief of the admiralty.

Turks Becoming Alarmed.

LONDON, Aug. 1.—A Constantinople dispatch says that for two days past a Russian ironclad has been hovering at the Black sea entrance of the Dardanelles, and the Turks are alarmed at the idea that the vessel may attempt to force its way through to the Mediterranean. In such case, the Turkish fleet would not be in a position to prevent the intrusion.

Watching a Chilean War Vessel.

LISBON, Aug. 1.—The cruiser Presidente Errazuriz, which was built for the Balmaceda government of Chile sailed at 5 a. m., but anchored off the harbor. Her movements are watched closely by the Portuguese authorities and agents of other governments.

Will Break With the Rothschilds.

LONDON, Aug. 1.—C. J. Hambro & Son have been appointed bankers to the Russian government. It is understood that this means a final break between the Russian government and the Rothschilds.

Explosion in a Coal Pit.

BERLIN, Aug. 1.—An explosion in the Karlsgrube coal pit, Westphalia, caused the death of six miners.

EXCURSION STEAMER ON FIRE.

Almost a Panic Among Twelve Hundred Passengers.

NEW HAVEN, Aug. 1.—As the steamer Elm City was returning from an excursion from New York and Coney Island with the St. Patrick's Total Abstinence Benevolent society on board the boat caught fire from an overheated boiler, abaft of the port wheelhouse, when off Norwalk. There were about 1,200 persons on board and for a time a panic was imminent.

Through the coolness of Captain Tucker and the crew of the boat order was soon restored, the hands were ordered to their places and the fire extinguished. One young man fainted from terror and several of the women had to be attended to by their escorts.

From the Lakes to Liverpool.

CLEVELAND, Aug. 1.—A company with a capital of \$2,500,000 has been organized in England to operate a line of steamers direct from Toledo and other Lake Erie ports to Liverpool. A branch line is to run between New Orleans and Liverpool to engage in the cotton carrying trade. The Toledo flour mills have arranged to ship two-thirds of their output of 5,000 barrels a day to Liverpool by water. Colonel S. C. Reynolds, the rich grain merchant of Toledo, who has just returned from England, engineered the organization of the new company, and will act as president thereof.

The Last of the Miamis.

FORT WAYNE, Ind., Aug. 1.—James R. Godfrey, the last of the Miami tribe of Indians, and once a chief, is dying at his home, south of this city, from an attack of cholera morbus. He is the son of Francis Godfrey, once a powerful chief of the Miamis. Years ago the government reserved to the old chief, Godfrey, several hundred acres of land near this city, which has grown into great value, and is yet entirely occupied by descendants of the old chief, Godfrey.

A Chinaman Wants to Fight Sullivan.

BALTIMORE, Aug. 1.—Lee Bin Nam, a noted Chinese pugilist, reached this city last night on his way from New York to San Francisco and will remain here a few days as the guest of Young Hoar, the leading Chinaman of Baltimore. The Herald says Lee Bin Nam will probably challenge Sullivan to fight. He is five feet eight inches in height and weighs about 200 pounds.

A Fraudulent Company.

ALBANY, Aug. 1.—The state superintendent of insurance says he will begin action to dissolve the Flour City Life Insurance company, of Rochester, on the ground of fraud.

Another Oil Well.

ST. MARY'S, O., Aug. 1.—The Standard Oil company yesterday afternoon drilled in a 400-barrel oil well on the Mott farm, near here.

DOWN AN EMBANKMENT.

One Man Killed and Several Injured in a Railroad Accident.

BELLEFAIR, O., Aug. 1.—An accident occurred on the Bellaire, Zanesville and Cincinnati railway yesterday just south of this city, in which one man was fatally injured and several persons were badly crippled. The passenger train due here at 8:30 o'clock, having a baggage car and two coaches loaded with people coming to a circus in this city, jumped the track, the baggage and one coach falling down an embankment.

Joseph Morris, baggage-master, was thrown out of the door, and the car turned over on him. He is now in a dangerous condition.

Following is a list of the injured: John Irwin, leg broken and side mashed.

Samuel and Willie McElroy, arms broken.

George Wilcox, bad cut on head.

Henry Miller, broken wrist and dislocated shoulder.

George W. Day, hip crushed and back badly sprained.

"Last Days of Pompeii."

CINCINNATI, Aug. 1.—The Order of Cincinnati will this year present one of the greatest spectacles ever produced in America—"The Last Days of Pompeii." The stage will be 300 feet wide, with a lake of real water 270 by 75 feet in dimensions. There will be real houses in the mimic city of Pompeii and mountains with ingenious volcanic engines within them. The pyrotechnical display will be something marvelous. The great spectacle will begin Aug. 24, and continue four weeks.

Dr. Van Dyke's Successor.

NEW YORK, Aug. 1.—At a special meeting of the trustees of Union Theological seminary, yesterday, Rev. Dr. John Hopkins Worcester, pastor of the Sixth Presbyterian church, of Chicago, was elected to succeed the late Dr. Van Dyke in the professorship of systematic theology. Dr. Worcester who is 46 years old, was graduated from the seminary in 1871, and is president of the Alumni association. At the recent general assembly in Detroit he made a speech in behalf of Dr. Briggs.

Fight Declared Off.

ANDERSON, Ind., Aug. 1.—The proposed fight to a finish for a purse of \$2,000 and the middleweight championship between Dick Collier, of this city, and Jack Hanley, of Indianapolis, has been declared off. The parties met Thursday evening to sign articles and deposit stakes, but at the same time a delegation of prominent Pythians, of which order Collier is a member, waited upon him and persuaded him to withdraw from the affair.

Another Prize Fighter Named Sullivan.

LAWRENCE, Mass., Aug. 1.—John Sullivan, a California heavyweight, and Frank Gallagher, of this place, fought a prize fight at 5 o'clock yesterday morning at Messers Crossing, N. H., just far enough across the state line to evade the Massachusetts law. They fought with four-ounce gloves and Gallagher was knocked out in the eighth round.

Wanted to Shoot His Son's Slayer.

HIGGINSPORT, O., Aug. 1.—Joseph Hall, the murderer of Wilson Butler, Sunday, near here, received his preliminary examination before Mayor Walther, and was remanded to the county jail without bail. The father of the murdered man had to be removed by force from the court room to prevent him from shooting Hall.

Tried to Buy an Elliott Jurymen.

COLUMBUS, O., Aug. 1.—There is a sensation on tap in the famous Elliott trial. It is known that the wife of Juror Peters was approached by a lady and offered \$500 for her husband's vote. She told him nothing about it until he returned home after the verdict. The attorneys for the defense have filed a motion for a new trial.

Rained Fish and Frogs.

LEAVENWORTH, Ind., Aug. 1.—Minute fish and frogs fell here Thursday in a regular shower. The fish were three-fourths of an inch in length, and the frogs less than one-half inch. Many were preserved in alcohol by the citizens, to convince skeptics that the phenomena really occurred.

Brewery Damaged by Fire.

NEW YORK, Aug. 1.—Thirty thousand dollars damage was caused to the malt house and contents of Evard's brewery at 12 East One Hundred and Thirty-third street by fire early yesterday morning. The fire is supposed to have been started by a spark from some foreign substance in the grinding machinery. This is the third fire in the brewery within a month.

Newfoundland Favors Annexation.

BOSTON, Aug. 1.—The Newfoundland association here held a meeting last night, at which the statement was made that if the matter was left to the popular vote in Newfoundland yesterday fully two-thirds of the population would be in favor of annexation.

Went to Sleep on the Track.

INDIANAPOLIS, Aug. 1.—Daniel Sharp, aged 22, and employed on a farm south of this city, went to sleep on the Belt railroad tracks yesterday and was struck and horribly mangled by a passing freight train, living but a few moments.

Mine Fire Extinguished.

GIRARDVILLE, Pa., Aug. 1.—The fire which has been burning in the Lehigh company pacer No. 5 colliery, at Lost Creek, has been put out and repairs are now being made to the mine.

Palp Mills Burned.

LAKE GEORGE, N. Y., Aug. 1.—The three-story pulp mill of the Glens Falls company at Ticonderoga was burned yesterday. Loss, \$50,000. Insured.

A Family Tiff.

"Perhaps you are not aware that I had over a dozen proposals of marriage before I got yours," said Mrs. McDougall stiffly, after a little tiff with her lord and master the other morning.

"And perhaps, madam, you are not aware that I proposed marriage to nearly a score of women before I became acquainted with you," retorted that gentleman haughtily.—Exchange.
